Subject: Draft letter regarding our December meeting
[EPA Letter_OpacityPMLimitsEGUwESP.docx](#)

Steve,

Attached is a draft of the letter we discussed at our December meeting. I wanted to share it the letter in draft to make sure there were no misunderstandings before we finalized the letter. The letter documents our understanding of the agreement on how to resolve the issues related to 111.111 and 111.153.

Please let me know if you have any questions or concerns. I would like to finalize the letter in the next couple of weeks so our agencies can move forward.
